

KLOVE allows us in the Tucson area to receive Contemporary Christian music 24/7. Without KLOVE we would have no FM Christian station at all. We only have one Christian station, which is AM. We have all other types of radio formats. Losing KLOVE would really hurt all of us. Young and old listen to the station and are uplifted daily by it. We have plenty of negative, shockjock stations. But there is only one station, KLOVE, that provides a positive alternative.
